

Board Certified Psychiatric Pharmacist (BCPP) Preparatory and Recertification Products

The American Association of Psychiatric Pharmacists (AAPP) is proud to be the sole provider of preparatory and recertification products for the Board Certified Psychiatric Pharmacist. AAPP works hard to bring you the highest quality products possible by ensuring:

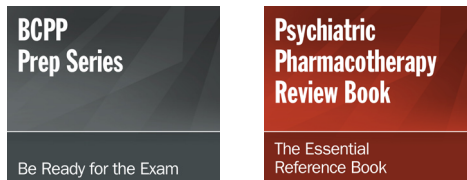

- ✓ Content is developed and managed by an editorial board of experienced Board Certified Psychiatric Pharmacists.
- ✓ All portions of the BCPP content outline are covered within the preparatory products and the 7-year recertification product curriculum schedule.
- ✓ Selected faculty are qualified and skilled experts.
- ✓ Proven methods to planning, peer review, and implementation of recertification activities are consistently applied.
- ✓ Valid and reliable assessment/examinations are developed.

By participating in AAPP's BCPP educational programs, you will stay up-to-date on current standards of care and be able to apply that knowledge in:

- ✓ Delivering patient-centered care
- ✓ Working as part of an interprofessional team
- ✓ Implementing quality improvement
- ✓ Developing and maintaining safe and effective medication use processes
- ✓ Obtaining, generating, and interpreting knowledge related to psychiatric pharmacy
- ✓ Providing comprehensive medication management for patients with psychiatric and comorbid disorders.

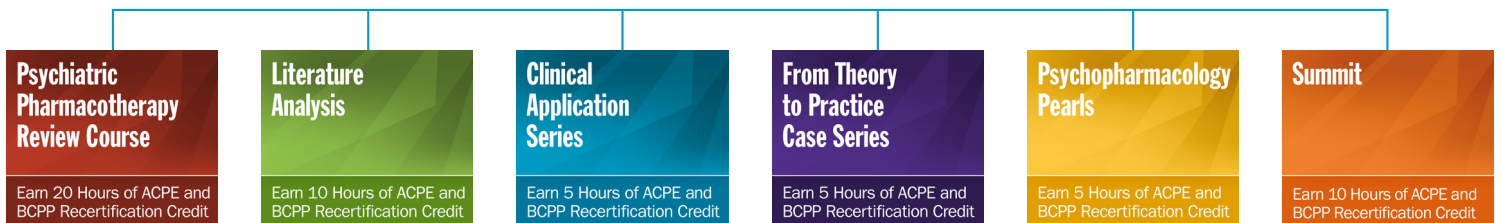

Read on to learn more about the BCPP preparatory and recertification products available to assist you in your continuing professional development journey.

BCPP Preparatory Products

BCPP Success !

BCPP Recertification—55 Hours of New Content Available Annually Easily Achieve the Required 100 Hours in 7 Years

The American Association of Psychiatric Pharmacists is approved as a Professional Development Provider for the Board Certified Psychiatric Pharmacist (BCPP) specialty by the Board of Pharmacy Specialties (BPS).

Preparatory Products for the BCPP Candidate

BCPP Recertification Products

Psychiatric Pharmacotherapy Review Book

Psychiatric Pharmacotherapy Review Book

The Essential
Reference Book

The 2022-2023 Psychiatric Pharmacotherapy Review Book is designed for use by individuals preparing to sit for the BCPP examination. A large percentage of successful BCPP candidates purchase the Review Book and use it as their primary study resource and a key tool to their certification success.

The Book Contains:

- Comprehensive outlines, written as individual chapters, on the most common psychiatric and neurologic conditions tested for in the BCPP exam.
- Consistently formatted chapters that include objectives, thorough content, comprehensive reference listings, and self-assessment questions with answer justifications.

2022-2023 Details:

- **Format:** Self-study program. The book is mailed via USPS (additional shipping fees apply) with e-book hosted in VitalSource Bookshelf. A digital-only delivery option is available for those seeking the e-book option only.
- **Release Date:** Now Available. The Review Book is revised and released every other year on the even year (2022, 2024...)

BCPP Prep Series

BCPP Prep Series

Be Ready for the Exam

The BCPP Prep Series includes 11 recorded review webinars aligned with the Review Book chapters. Additionally, a “last-chance” question and answer session with editors is offered. Save when you purchase both preparatory products together.

2023 Details:

- **Format:** Online self-study and live webinar
- **Release Date:** November 2021
- **Q & A Session:** A one-hour call is scheduled in the final weeks leading up to both the spring and fall testing windows

To maintain its strict, independent standards for certification, BPS does NOT develop, endorse, or support review information, preparatory courses, or study guides.

Psychiatric Pharmacotherapy Review Course

Psychiatric Pharmacotherapy Review Course

Earn 20 Hours of ACPE and
BCPP Recertification Credit

As a recertification product, the goal of the Review Course is to assist the practitioner in developing and maintaining contemporary knowledge and skills at the psychiatric pharmacy specialty level. Inclusion of the Review Course as part of the recertification program is critical in ensuring the BCPP has systematically reviewed and assessed his/her core knowledge in the psychiatric specialty practice.

Special Notes:

- BPS has recently voted to change the recertification requirement for the Psychiatric Pharmacy Specialty from “must” to “may” complete the Psychiatric Pharmacotherapy Review Course offered by AAPP at least once in a 7-year cycle for anyone beginning a BCPP recertification cycle in 2022 and beyond.
- The Psychiatric Pharmacotherapy Review Course may be taken up to two times, in nonconsecutive years, by BCPPs in each 7-year recertification cycle. This course is a two-year product released at the start of even years (2022, 2024...).

2023 Details:

- **Format:** Self-study. The book is mailed via USPS (additional shipping fees apply) with e-book hosted in VitalSource Bookshelf. A digital-only delivery option is available for those seeking the e-book option only.
- **Credit:** 20 hours of ACPE and BCPP Recertification credit for recertifiers
- **Release Date for 2023 Examination:** January 5, 2023
- **Examination Deadline:** September 28, 2023

BCPP Recertification Products

Literature Analysis

Literature Analysis

Earn 10 Hours of ACPE and BCPP Recertification Credit

This programming involves review and analysis of current literature. Topics include placebo-controlled trials across different medications, buprenorphine initiation and dosing, schizophrenia and the role of genomics, lithium and suicide outcomes in veterans, migraine,

transitions in care, depression in epilepsy, and anxiety and trauma.

2023 Details:

- **Format:** Self-study with PDFs of selected literature
- **Credit:** 10 hours of ACPE and BCPP Recertification credit
- **Release Date:** February 23, 2023
- **Examination Deadline:** November 30, 2023

Clinical Application Series

Clinical Application Series

Earn 5 Hours of ACPE and BCPP Recertification Credit

Five hours of live programming is presented and recorded during the 2023 AAPP Annual Meeting. Registrants can attend programming in-person or virtually at AAPP 2023 or complete as a self-study component accessing speaker presentations and audio online.

Session topics include burnout among mental health clinicians, psychotropic REMS programs, leveraging pharmacists to expand access to mental health and substance use disorder care, new medications for sleep disorders treatment, and novel delivery systems for psychiatric medications.

2023 Details:

- **Format:** Live or virtually at AAPP 2023 (April 16-19, 2023) or via self-study through access to session recordings. Participants in-person or virtually must also be registered for the Annual Meeting.
- **Credit:** 5 hours of ACPE and BCPP Recertification credit
- **Release Date:** April 16, 2023 for live programming
- **Release Date:** May 2023 for online access
- **Examination Deadline:** October 16, 2023

From Theory to Practice Case Series

From Theory to Practice Case Series

Earn 5 Hours of ACPE and BCPP Recertification Credit

Study a complex psychiatric case comorbid with a medical diagnosis and associated complex medication regimen. Focused on the topic of bipolar disorder, participants will follow one patient through several encounters and apply evidence-based pharmacological and/

or nonpharmacological treatment strategies and monitoring recommendations specific to patient needs and their pertinent history. Instructional webinars extend the value of the activity.

2023 Details:

- **Format:** Self-study online activity
- **Credit:** 5 hours of ACPE and BCPP Recertification credit
- **Release Date:** September 28, 2023
- **Examination Deadline:** March 28, 2024

Psychopharmacology Pearls

Psychopharmacology Pearls

Earn 5 Hours of ACPE and BCPP Recertification Credit

This recertification product consists of four clinical review articles focused on single disorders, or on one or more distinct aspects of a single psychiatric, neurologic, or substance use disorder. Hosted in *Mental Health Clinician (MHC)*, these practical learning tools will offer expert

therapeutic advice based on both evidence and longstanding clinical experience. These resource rich monographs will be fully referenced and highlight both the evidence base available and also controversial areas of clinical care to showcase strategies of clinical decision-making used by expert clinicians. Topics in 2023 include ethnopsychopharmacology, opioid and alcohol withdrawal management, Parkinson's Disease, and psychotropic medications in pregnancy.

2023 Details:

- **Format:** Self-study online activity
- **Credit:** 5 hours of ACPE and BCPP Recertification credit
- **Release Date:** December 5, 2023
- **Examination Deadline:** June 5, 2024

Summit

Summit

Earn 10 Hours of ACPE and BCPP Recertification Credit

The Summit is focused on emerging areas of practice with the 2023 theme centered around integration of mental health and primary care. BCPPs in any setting will benefit from topics such as transitions of care, best practices in virtual patient care, suicide assessment and planning,

psychiatric medication monitoring, and integrating behavioral health in primary care.

2023 Details:

- **Format:** Presented live in a virtual format, October 12-13, 2023. Available via self-study through access to recorded sessions.
- **Credit:** 10 hours of ACPE and BCPP Recertification credit
- **Release Date:** October 12, 2023
- **Examination Deadline:** July 12, 2024
